Detox Depot employees are not physicians nor psychologists, and the scope of services do not include treatment or diagnosis of specific illnesses or disorders. If you, the client, suspect you may have an ailment or illness that may require medical attention, then you are encouraged to consult with a licensed physician without delay. Only a licensed physician can prescribe drugs. Any mention of drugs during this consultation is only for providing a complete history of drugs that the client is taking and not to judge the appropriateness of the medication. Any change in prescription or dosage is a decision the client makes with his or her physician. Rather than dealing with treatment of disease, Detox Depot focuses on wellness and prevention of illness using non-toxic, natural nutritional therapies to achieve optimal health. Detox Depot educates and motivates clients to assume more personal responsibility for their health by adopting a healthy attitude, lifestyle, and diet. Detox Depot does not promise or guarantee protection from future illness.

By signing below, you acknowledge that you understand that Detox Depot is a health consultant group and not a physician, and that you should see a doctor if you think you have a medical condition. Detox Depot will not be held liable for failure to diagnose or treat an illness, nor will we be liable for failure to prevent future illness.

Additionally, you promise to give Detox Depot a complete and accurate account of any medical conditions that you may have and any medications that you are taking.

By signing, you agree that you are not on this visit or any subsequent visit acting as an agent for the federal, state, county, local law agencies or news media on the mission of entrapment or investigation.
